

TO THE PEOPLE'S PARTNERSHIP GOVERNMENT

Why should the 25000 CLICO depositors pressure us into paying our tax dollars to fund the repayment of their loss in CLICO, when they knowingly invested in high risk ventures? Where were they when they were raking in their profits? Now they say they want 12 BILLION DOLLARS because they are dying and in need. This is another case of the poor people of Trinidad being forced to bear the burden of the mistakes of an entitled minority.

- What about the thousands of people dying each day from lack of medical care who cannot afford to go to private nursing homes???
- What about those of us who have no water???
- What about those of us who struggle each day traveling in traffic and bad roads???
- What about the 250 000 people living below the poverty line???
- What about those of us being victims of crime daily???

To the People's Partnership Government, stick to your plan!
Use this 12 Billion Dollars to:

- Build and outfit new hospitals for the poor. →
- Build schools for our children's education.
- Ensure our police service and judiciary have enough resources.
- Build houses for the poor.
- Fix our transport network.
- Give the people water everyday.
- Pay our public servants.
- Finance the Children's Life Fund for our children.

DO NOT COMMIT AN INJUSTICE TO THE 1.295 MILLION OF US WHO CHOSE TO BE CAUTIOUS WITH OUR SAVINGS!

DO NOT CREATE DEBT FOR OUR CHILDREN TO REPAY!

DO NOT PUNISH US BECAUSE A FEW PEOPLE ARE FINANCIALLY INEPT!

PEOPLE'S PARTNERSHIP PLEASE STAND UP FOR POOR PEOPLE IN TRINIDAD AND TOBAGO!!!
